SECTION II: GENERAL

A. **LIMITATIONS:**

Use of the approved indirect costs contained in the Agreement is subject to all statutory or administrative limitations and is applicable to a given Federal award or contract only to the extent that funds are available. Acceptance of the CAP agreed to herein is predicated upon the following conditions:

1. No costs other than those incurred by the non-Federal entity were included in its indirect cost pool as finally accepted and that such incurred costs are legal obligations of the non-Federal entity and allowable under the governing cost principles.
2. The same costs that have been treated as indirect costs have not been claimed as direct costs.
3. Similar types of costs have been accorded consistent treatment.
4. The information provided by the non-Federal entity or contractor which was used as a basis for acceptance of the CAP agreed to herein is not subsequently found to be materially inaccurate by the Federal government. In such situations, the CAP may be subject to renegotiation at the discretion of the Federal government.
5. The approved CAP Agreement is subject to audit.
6. Indirect costs charged to Federal grants/contracts should be adjusted to the applicable CAP cited herein and be applied to the appropriate base to identify the proper amount of indirect costs allocable to the program.
7. Indirect costs approved through this Agreement are subject to ceilings stipulated in contract/grant agreements.
8. Administrative costs consist of all Direct and Indirect costs associated with the management of the non-Federal entity's programs. Non-Federal entities should refer to their contracts/grants terms and specific program legislation for the applicable definition of Administrative Costs and any related limitations.
9. The indirect cost listed in the Schedule of Allocated Indirect Costs by Award ID Number (the Schedule) for each award for the costs incurred during the fiscal year approved as Final listed in Section I. The Schedule is meant to be used to reconcile indirect costs claimed during the close-out award process.

B. **CHANGES:**

This agreement is based on the accounting system purported by the non-Federal entity to be in

effect during the Agreement period. Changes to the method of accounting for costs which affect the amount of reimbursement resulting from the use of this Agreement require prior approval from the CPDD. Such changes include, but are not limited to changes in the charging of a particular type of cost from indirect to direct. Failure to obtain approval may result in cost disallowances.

C. **NOTIFICATION TO FEDERAL AGENCIES:**

A copy of this document is to be provided by the non-Federal entity to other Federal funding sources as a means of notifying them of the Agreement contained herein.

D. **DEFINITION OF PROVISIONAL/FINAL APPROVALS IN SECTION I:**

1. Final applies to actual indirect costs incurred in a specified past period. Approved final allocated indirect costs are not subject to adjustment.
2. Provisional only applies to an approved cost allocation methodology to be used for a specified future period.

E. **SPECIAL REMARKS:**

- I. Provisional/Final - CAP approval and impact to closeout adjustments:

When seeking initial reimbursement of indirect costs, a proposal must be submitted within 90 days of receiving a Federal award (financial assistance, grants, cooperative agreements, and cost reimbursable contracts) that requires accounting for actual costs incurred. The non-Federal entity must submit an indirect cost proposal within six (6) months after the end of their fiscal year to establish a final CAP.

Once a final CAP is negotiated with CPDD, actual charges to Federal awards will require adjustment to settle any disallowed indirect costs. If approved final allocated costs are greater than allocated costs approved on a provisional basis and there are no funds available to cover the additional indirect costs, the non-Federal entity or contractor may not recover all indirect costs. Conversely, if the allocated costs approved on a final basis are less than allocated cost approved on a provisional basis, the non-Federal entity or contractor will be required to reimburse the funding agency for the excess billings.

Non-Federal entities receiving Federal awards (financial assistance, grants, and cooperative agreements) - Note that even if Federal awards are administratively closed prior to the settlement of the final CAP, non-Federal entities must still comply with the following 2 CFR Part 200 clauses stating, in part:

§200.344 Post-closeout adjustments and continuing responsibilities

(a) The closeout of a Federal award does not affect any of the following:

- (1) The right of the Federal awarding agency or pass-through entity to disallow costs and recover funds on the basis of a later audit or other review. The Federal awarding agency or pass-through entity must make any cost disallowance determination and notify the non-Federal entity within the record retention period.
- (2) The obligation of the non-Federal entity to return any funds due as a result of later refunds, corrections, or other transactions including final indirect cost rate adjustments.

§200.345 Collection of amounts due

(a) Any funds paid to the non-Federal entity in excess of the amount to which the non-Federal entity is finally determined to be entitled under the terms of the Federal award constitute a debt to the Federal Government.

(b) Except where otherwise provided by statutes or regulations, the Federal awarding agency will charge interest on an overdue debt in accordance with the Federal Claims Collection Standards (31 CFR parts 900 through 999). The date from which interest is computed is not extended by litigation or the filing of any form of appeal.

2. Fringe benefits include the following: FICA, Retirement Fund, Unemployment Compensation, Group Insurance, Workers Compensation, Retiree Insurance.
3. Equipment is defined as tangible personal property (including information technology systems) having a useful life of more than one year and a per-unit acquisition. The capitalization threshold for equipment is \$5,000.
4. The indirect salaries approved as part of the Rate/CAP in Section I comply with the applicable ETA TEGL 5-06 and/or Job Corps salary and bonus restrictions.
5. Budgetary Rate(s): In addition to the above approvals, CPDD also approved the non-Federal entity's request for CAP budgetary rate below. This type of rate is used for planning purpose only (e.g. bidding on a Federal grants). Final indirect costs, however, are allocated based on the approved CAP methodologies described in Section I.

The budgetary rate is approved as follows: \$10,048.92 per FTE.
